PROFESSIONAL SUMMARY

Computer Science student pursuing B.Sc. in Computer Science with strong interest in Full Stack Development and AI-powered applications. Skilled in React.js, Next.js, JavaScript, Tailwind CSS, Node.js, Git, and modern deployment platforms. Passionate about building scalable web products, integrating AI into real-world applications, and solving practical problems through technology.

TECHNICAL SKILLS

Languages: JavaScript, HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, Responsive Design

Backend: Node.js, Express.js, REST APIs

Database: MongoDB, Firebase

Tools: Git, GitHub, VS Code, Postman, npm

Deployment: Vercel, Netlify, GitHub Pages

AI: OpenAI API Integration, Prompt Engineering

PROJECTS

DevQuest – Gamified Learning Platform

- Built a gamified learning platform featuring quests, achievements, and progress tracking.

AI ChatGPT Clone

- Developed an AI-powered conversational assistant with real-time response generation.

Video Conferencing System

- Created a real-time communication platform supporting video meetings and collaboration.

Online Trading Platform

- Designed a trading dashboard with watchlists, portfolio tracking, and market visualization.

Professional Networking Platform

- Built a networking application with profiles, posts, and engagement features.

EDUCATION

Bachelor of Science in Computer Science (B.Sc. CS)

MGM College of CS & IT, Nanded

Expected Graduation: 2027 | CGPA: 8.0

12th Percentage: 84%

10th Percentage: 89.80%

ACHIEVEMENTS

- Built and deployed multiple full-stack projects.
- Active GitHub profile showcasing practical development work.
- Developed AI-integrated applications using modern web technologies.
- Continuously improving through project-based learning and hands-on development.
